

Information From Canada Immigration Regarding Travel Visas

Submission of Applications

Canada does not have a visa office in every country so it is important that delegates visit the website of the Canadian [visa office](#) responsible for processing their visa application. Information is available on the website on how to submit a visa application and the documentation required.

[Processing times for visa applications](#) vary depending on the visa office and the time of the year. Participants are encouraged to apply approximately **12 weeks** in advance of their departure date to ensure they receive the visa in time.
